The figure of the violent man in the African American imagination has a long history. He can be found in 19th-century bad man ballads like "Stagolee" and "John Hardy," as well as in the black convict recitations that influenced "gangsta" rap. "Born in a Mighty Bad Land" connects this figure with similar characters in African American fiction. Many writers -- McKay and Hurston in the Harlem Renaissance; Wright, Baldwin, and Ellison in the '40s and '50s; Himes in the '50s and '60s -- saw the "bad nigger" as an archetypal figure in the black imagination and psyche. "Blaxploitation" novels in the '70s made him a virtually mythical character. More recently, Mosley, Wideman, and Morrison have presented him as ghetto philosopher and cultural adventurer. Behind the folklore and fiction, many theories have been proposed to explain the source of the bad man's intra-racial violence. Jerry H. Bryant explores all of these elements in a wide-ranging and illuminating look at one of the most misunderstood figures in African American culture.

NOW A #1 NEW YORK TIMES BESTSELLER! An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself-- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.

Silas is ten years old when the headaches start. When the diagnosis arrives, his parents are told they have until Christmas... maybe. And so begins Sarah Pullen's battle to save her son, against doubting doctors and insurmountable odds. This story about love and loss traces her family's journey from that first day at the hospital, battling a tumour they named 'Bob', through Silas's death and beyond. This profoundly moving and honest account shows that it is possible to find the strength for a journey that no mother should ever go on; that it is possible to find a new way to live, even when death is knocking on the door. It is about confronting grief – raw, ugly, incomprehensible grief. It is a book about wrapping a small boy in love, but still letting him get grubby knees. It is about learning to savour every moment of the here and now, yet also learning to let go. At its heart, *A Mighty Boy* is a story of the love between a mother and a son. It is a book about seizing the moment and somehow managing to survive the death of a child. But most of all it is a book about a small, mighty, smiling boy.

Shug Akins is a lonely, overweight thirteen-year-old boy. His mother, Glenda, is the one person who loves him--she calls him Sweet Mister and attempts to boost his confidence and give him hope for his future. Into this small-town Ozarks mix comes Jimmy Vin Pearce, with his shiny green T-bird and his smart city clothes. When he and Glenda begin a torrid affair, a series of violent events is inevitably set in motion. The outcome will break your heart. "This is Daniel Woodrell's third book set in the Ozarks and, like the other two, *Give Us a Kiss* and *Tomato Red*, it peels back the layers from lives already made bare by poverty and petty crime." --Otto Penzler, "Penzler Pick, 2001"

If you are going to read only one nonfiction book this year, it has to be this one." Praise for Enrique's Journey "Magnificent . . . Enrique's Journey is about love. It's about family. It's about home."—The Washington Post Book World "[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking."—People (four stars) "Stunning . . . As Lola begins to understand the consequences of her choices, she ignites a series of events that lead to a Diwali Festival more explosive than anyone in New Delhi could have imagined.

ONE OF BOOK RIOT'S BEST BOOKS OF THE YEAR Dustin Lance Black wrote the Oscar-winning screenplay for Milk and helped overturn California's anti-gay marriage Proposition 8, but as an LGBTQ activist he has unlikely origins--a conservative Mormon household outside San Antonio, Texas. There he was raised by a single mother who, as a survivor of childhood polio, endured brutal surgeries as well as braces and crutches for life. Despite the abuse and violence of two questionably devised Mormon marriages, she imbued Lance with her inner strength and irrepressible optimism. When Lance came out to his mother at age twenty-one, she initially derided his sexuality as a sinful choice. It may seem like theirs was a house destined to be divided--and at times it was. But in the end, they did not let their differences define them or the relationship that had inspired two remarkable lives. This heartfelt, deeply personal memoir explores how a mother and son built bridges across great cultural divides--and how our stories hold the power to heal.

More than ever before, today's news brings Middle Eastern wars into our homes as the animosity between the Arab world and Israel escalates. "Will they ever have peace?" everyone asks. Attempting to answer that question, "Heirs of Abraham" is a historical family saga stretching over a time span of almost four thousand years. It follows the lives of the Biblical nomad Abraham, who is the foundation of the world's three great religions-Islam, Judaism, and, indirectly, Christianity--and his two sons. There is Ishmael, born of an Egyptian slave whose descendants are today's Arabs. And there is Isaac, son of Abraham's beloved wife and the Jews' patriarch. Set against the backdrops of Ancient Mesopotamia, Egypt, and Israel--of wars and famines, goat-haired tents and kings' palaces--this is a saga of real people whose actions will have an everlasting effect on all future generations and worlds. First, there is Abraham, who struggles with faith, power, love and cowardice. There are his women--Sarah, the wife, and Hagar, the slave--whose jealous love for him and hatred of each other never die. Finally, there are the two brothers who have been pitted against each other for thousands of years in the age-old battle for the land now known as the State of Israel. Yet most of all, "Heirs of Abraham," faithfully following the Holy Bible's accounting in Genesis, is a dramatic reminder of God's love for all people. ZJ's friends Ollie, Darry and Daniel help him cope when his father, a beloved professional football player, suffers severe headaches and memory loss that spell the end of his career.

Author Frank Dickinson and his wife Gillian left England for New Zealand as newlyweds. Three years later, they moved to Australia. Leaving behind successful careers in Sydney, the couple and their children start a new life as worm farmers on the New South Wales coast in Berry. Many adventures later, they still love living there. There's a Worm in My Cake is a humorous account of their momentous decision to leave behind the corporate rat race to pursue the dream of rural self-sufficiency on the beautiful NSW coast in the early 1980s. "The book follows our triumphs and tragedies, and the establishment of a successful mail order worm farming operation that includes floods, hailstorms, flea infestations and sewer blockages, chicken massacres and worm escapes, along with the fun and enjoyment that we experienced with some of our loveable and unconventional animal charges." Their adventures include horse breaking, dairy farming, house building, mastering the art of tree felling with an ancient chainsaw, and developing the worm business, which presents many interesting and hazardous situations, some of which are funny, while some have heartbreaking consequences.

Fourteen-year old Frank Hollahan moves to Florida in 1943, at the height of World War II, to join his father, a navy seaman. When Frank and his mother arrive at the busy naval port of Jacksonville, a surprising new life awaits them. In this new place, Frank's life changes in ways he never imagined. In his new school, his tendency toward exaggeration quickly builds him a reputation as a teller of tales. He wanders to the beach one night and sees what seems to be a man coming ashore from a submarine. When he informs his family, friends, and teachers that he saw a spy from a German U-boat land on the local beach, no one believes him. Is the spy real, or is he only a part of Frank's imagination and exaggeration? Frank is certain the spy has plans for sabotage. With the aid of Rosemarie Twekenberry, who has eyes only for Frank, and a mysterious beach recluse known as Weird Wanda, Frank sets out to prove the spy's existence. With time running out, Frank must figure out a way to stop him. Each rumor and discovery—whether a buried chest, a secret code, or a mysterious note—presents new problems. The truth finally comes to light at the big bond rally in the shipyard as Frank's class presents a rousing patriotic program, led by Mr. Jolly, an ex-clown turned teacher. Thrown into the mix are a brash, redheaded student named Howard; Gladys, the organizer; and other zany characters who all join in the tangled web of this wartime mystery, based on an actual occurrence.
