For his sins, his angel lover will bring him to justice... In 1665 Scotland, five years after the Black Plague, Jophiel is a former angel who removed his wings in an act of self-punishment for falling in love with a vampire, Frederick. One day, two old friends, Michael and Zad, give him the chance to return home. Their price? Capture his former lover and take his head. Lord Frederik Jasper Grimm is a Belial Vampire, born with half a soul and mortal emotions. Forced to destroy a village of innocents to save his sister Amelia from a murderous sorcerer, Frederik is on his way to his enemy's keep when Jo appears and captures him. Before Jo can raise his sword and take his head, Frederik begs for mercy and explains why he destroyed the village, counting on Jo's good nature to spare him, but Frederik has lied to Jo before. Still, Jo cannot bring himself to kill Frederik, but he dares not set him free, either. His only choice is to keep Frederik his

prisoner until Michael returns to explain why Jo would be sent to execute a supposedly innocent vampire...and all the while, he must keep his knew mortal state a secret. Angels are all around us—especially at Christmas! Greg Bennett hates Christmas. Divorced, almost friendless and about to lose his business, he has no time for what he considers sentimental nonsense. It takes three irrepressible angels to show him the truth. Shirley, Goodness and Mercy shall follow him—until he learns what Christmas is all about. Those Christmas Angels come down to earth again to respond to Anne Fletcher’s prayer request. She wants her son, Roy, to meet a special woman—and the angels contrive to throw Julie Wilcoff in his path (literally). Another Christmas, another angelic rescue. The three heaven-sent messengers reunite a divorced couple, bring peace of mind to an elderly man and grant a little boy’s fondest wish. Because there’s always joy Where Angels Go. Three classic stories of hope and seasonal cheer from Debbie Macomber, Official Storyteller of Christmas!

Nathaniel and Chasan are no ordinary angels. Destiny chose them to be twin flames, fated mates. But Nathaniel has avoided Chasan for nearly a thousand years. When sent to Earth on a mission to live and work together, Nathaniel comes face-to-face with his destiny. Short-tempered, petulant, and grumpy, he hates the idea of being fated to anyone and has chosen an existence of isolation rather than spending time with the calm, kind, and serene Chasan. But now he has no choice. One is fire, the other is air; a true dichotomy of angels. Together they will be ignited, or they will be extinguished.

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell’s Angels, that is—in this short work of nonfiction. “California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.” Thus begins Hunter S. Thompson’s vivid account of his experiences with California’s most notorious motorcycle gang, the Hell’s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker

lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

charge nurse—Amanda must solve this medical mystery before she becomes the next victim... Warning Signs includes a teaser for the third Angels of Mercy novel, Urgent Care.

"I'm as peaceful a man as you're likely to meet in America now, but this is about a death I may have caused. Not slowly over time by abuse or meanness but on a certain day and by ignorance, by plain lack of notice. Though it happened thirty-four years ago, and though I can't say it's haunted my mind that many nights lately, I suspect I can draw it out for you now, clear as this noon. I may need to try." Set in a summer camp in the Blue Ridge Mountains during the deceptively tranquil 1950s, *The Tongues of Angels* is a story of the twenty-one-year-old painting teacher, a superbly gifted boy, and their advance toward a startling fate. As the now-older man looks back at on that summer, he reflects on the meanings he thought he had learned on the threshold of manhood from the perspective of full maturity.

Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted young lawyer’s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Angels of Mercy: Far West & Far East follows the gripping stories of two different Australiannursing sisters, who overcame the challenging adversities of two very different circumstances. In the 1930s, Marjorie Silver was employed by The Far West Childrens Health Scheme and became their first permanent flying sister, based in Bourke. She fought a single-handed war against heat, dust and isolation of the outback to bring vital medical assistance to the far west of New South Wales, before moving on to central Queensland where she established a clinic at Mt Margaret station, in close co-operation with the flying doctor, based at Charleville. In 1964, she moved to Brunette Downs, Northern Territory, where she continued to make use of her nursing skills at the Aboriginal Camp and in the stations hospital. This previously untold story also involves the topical Nancy Bird, who was employed as the sister's pilot for the first nine months. Whilst Sister

Silver was fighting a battle against the harsh elements of the bush, another dedicated woman of about the same age had graduated as a nursing sister with a view to overseas travel. Little did she know that she would shortly embark on a sea voyage to the exotic Far East, where she would engage in a battle for survival as an unwilling guest of the Emperor of Japan. Sister Pat Gunther joined the AIF and served in the Far East on the battlefield of Malaya and Singapore. She was captured and taken prisoner at Bangka Island, Sumatra. The story of the nurses imprisoned in various camps in Sumatra is not unknown, but this book delves far deeper than any other story to date and reveals the 'secret' that the nurses kept throughout their lifetimes. Author and military historian Lynette Ramsay Silver has an entire 'forensic' chapter devoted to the unravelling of this secret. This book has been compiled from their edited memoirs, supplemented by various conversations and interviews. Interspersed throughout the book and printed in italics, are Lynette Ramsay Silver's historical details providing additional narrative to compliment first-hand accounts. The book also lists, for the first time, the name of every nurse who served in WW2. It also includes the fate of other internees that Sister Pat had met in Malaya and during her three years of captivity and the fate of the nurses evacuated from Singapore. It also includes the 29 women that served as doctors in the Australian Army
