brain and heart twisted up in knots. The problem? I don't do romance. Been there, done that, never should have in the first place, never will again. I'm divorced, living in a cramped apartment in the Bronx, and scraping by as a private eye after desk politics threw my detective career under the bus. But when an old friend sends me a job offer with a salary that makes my jaw drop, how can I say no? All I have to do is play bodyguard for some spoiled billionaire. The only drawback: rich people piss me off. They're entitled, high-maintenance jerks. Too bad the job pays a fortune. There's no way I can turn it down. When I meet Jamie, he isn't what I expect. He's kind - noble, even. He's rich as hell, but he uses his money to do good things. It intrigues me. Attracts me. In a single moment, everything changes. His hand touches mine. I don't pull away. The look we exchange could be the start of something. But I've got to be careful. Someone wants to hurt Jamie. It's up to me to keep him safe. If I get distracted, even for an instant, I could lose everything. If only he weren't so distracting... JAMIE: Did someone try to kidnap me? Yes. Will it slow me down? No. My security team insists I need a bodyguard. I have to admit that life at the top has been lonely lately, but this isn't how I thought I'd find a man to spend my time with. I don't want my hand held. I won't stay sheltered. And I definitely don't need some gruff bodyguard to babysit me. But he's hotter than hades. A tower of ripped muscles. He lives with me, eats with me, and sleeps so deliciously close to me. The problem? I'm sure he's straight. Almost positive... Note to readers: This is an extra spicy MM romance, heat level 10. There were little consequences. Until the storm hit. A spellbinding story about love, faith, the search for utopia—and the often devastating cost of idealism. It's the late 1960s, and two lovers converge on an arid patch of earth in South India. John Walker is the handsome scion of a powerful East Coast American family. Diane Maes is a beautiful hippie from Belgium. They have come to build a new world—Auroville, an international utopian community for thousands of people. Their faith is strong, the future bright. So how do John and Diane end up dying two decades later, on the same day, on a cracked concrete floor in a thatch hut by a remote canyon? This is the mystery Akash Kapur sets out to solve in *Better to Have Gone*, and it carries deep personal resonance: Diane and John were the parents of Akash's wife, Auralice. Akash and Auralice grew up in Auroville; like the rest of their community, they never really understood those deaths. In 2004, Akash and Auralice return to Auroville from New York, where they have been living with John's family. As they reestablish themselves, along with

Slowly, they come to understand how the tragic individual fates of John and Diane intersected with the collective history of their town. *Better to Have Gone* is a book about the human cost of our age-old quest for a more perfect world. It probes the underexplored yet universal idea of utopia, and it portrays in vivid detail the daily life of one utopian community. Richly atmospheric and filled with remarkable characters, spread across time and continents, this is narrative writing of the highest order—a heartbreaking, unforgettable story.
