Three days have passed ever since and she cannot believe that it has only been three days since that happened. She has trouble concentrating on her new job where she is an assistant to Jack Hyde, who continues to try his hand at flirting with her and she keeps on rebuking him. She receives an email correspondence from Christian that startles her since she didn't know that he had any of her contact information. He asks her whether she'd like to go to her best friend Jose's show along with him. Since the show is going to take place in Portland, she accepts the offer for the ride. Christian arrives on time and Anastasia leaves her office to go with him. His actions and words show that he doesn't want their relation to end and he offers to renegotiate on their way to Portland. At the show, Jose has showcased some single shots of Anastasia, which are later bought by Christian. They leave the show early to eat dinner and as Anastasia suspects, to talk about their future relation.

NATIONAL BESTSELLER A Book of the Year Selection for Inc. and Library Journal "This book picks up where The Tipping Point left off." -- Adam Grant, Wharton professor and New York Times bestselling author of ORIGINALS and GIVE AND TAKE Nothing "goes viral." If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that turn some new products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody has "good taste," and some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. Hit Makers is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention. From the dawn of impressionist art to the future of Facebook, from small Etsy designers to the origin of Star Wars, Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular. In Hit Makers, Derek Thompson investigates: · The secret link between ESPN's sticky programming and the The Weeknd's catchy choruses · Why Facebook is today's most important newspaper · How advertising critics predicted Donald Trump · The 5th grader who accidentally launched "Rock Around the Clock," the biggest hit in rock and roll history · How Barack Obama and his speechwriters think of themselves as songwriters · How Disney conquered the world—but the future of hits belongs to savvy amateurs and individuals · The French collector who accidentally created the Impressionist canon · Quantitative evidence that the biggest music hits aren't always the best · Why almost all

The definitive story of the Dennis Nilsen case featured in Netflix's Memories of a Murder: The Nilsen Tapes, and the book behind ITV's Des, starring David Tennant ***WINNER OF THE GOLD DAGGER AWARD FOR CRIME NON-FICTION and THE NUMBER ONE SUNDAY TIMES BESTSELLER*** _____ Dennis Nilsen, who died in May 2018, admitted to killing at least 15 people before his arrest in 1983. This ground-breaking criminal study of his killings was written with Nilsen's full cooperation, resulting in a fascinating - and horrifying - portrait of the man who worshipped death. In February 1983, residents of Muswell Hill had been plagued by blocked drains. When a plumber was called to investigate, he discovered a large blockage of biological material. To his horror, it appeared to be formed of human flesh and bones. The next day, local resident Dennis Nilsen was arrested. 'Are we talking about one body or two?' a detective asked. Nilsen replied 'Fifteen or sixteen, since 1978. I'll tell you everything.' Within days he had confessed to fifteen gruesome murders over a period of four years. His victims, mostly young gay men at a time when society cared little for them, had been overlooked. Killing for Company is a unique study of a murderer's mind, essential reading for true crime aficionados. _____ 'You really have to read this extraordinary book to get a full flavour of the weirdness of Nilsen and his crimes' SUNDAY TIMES 'A seminal look into the criminal mind' DAILY MAIL 'Brian Masters has given us a full, well-ordered, dispassionate account of Nilsen's life and crimes' THE TIMES 'Without any doubt one of the most remarkable, complete and most humanely informative accounts of a murderer's mind ever achieved... the book is far superior to any previous English book of its kind and deserves to serve as a model for all future attempts in this genre' NEW SOCIETY 'The book is a perceptive and at times coldly brutal assessment of Nilsen's psychology' MIRROR 'A comprehensive and compelling account' FINANCIAL TIMES 'Probably the best thing of its kind since In Cold Blood . . . a classic study in criminal mentality' YORKSHIRE POST 'Killing For Company must stand as one of the most remarkable and accurate accounts ever written of the singular relationship between a mass murderer and a society . . . a bloody masterpiece.' BERYL BAINBRIDGE 'A truly awesome tale, brilliantly told' LITERARY REVIEW 'A meticulous study of the dark intricacies of the human mind' THE BOOKBAG 'Brian Masters can rest assured that the job he undertook with such obvious doubts was one worth doing' SPECTATOR 'Masters has written an extraordinary book, and his achievement has been the ability to recount horrific details without descending to the lurid sensationalism of the instant books and Fleet Street reports' POLICE 'A compelling and remarkable book ... through Masters' fine writing the reader suspends his nausea for the crimes, and concentrates with Nilsen on his motives and himself' THE LISTENER
