yourself? We start small and innocent in this world; but as we grow older, we realize that life can be sometimes painful. No one likes pain and it is only human nature to protect ourselves to cope with pain. It is as if we put on armor; another term for that armor is personality. The armor that once protected us often ends up keeping us from being who we truly are and causes all kinds of problems in relationships, work and life in general. Wouldn't it be nice to be able to identify what is our personality armor and what is our true self? There is a way, it's called the enneagram. Most personality assessments tell you what your type is and what personality is but they don't go as far as to tell you what your underlying belief system, psychological growth pattern and what your core psychological issues are. Buckle up, folks. It's time to jump in, embrace your inner self, and release the things that are holding you back from wholeness. Enter the Millenneagram. The Enneagram is an ancient personality typing system that has a sneaky way of revealing who we are and why we do the things we do. Using nine types, it gets to the root of our fears and motivations, unveiling our inner-most selves. Millenneagram reinvigorates the Enneagram by putting a modern spin on the classic nine types. Hannah Paasch, creator of the popular

#millenneagram threads on Twitter, reveals how this system acts as a map toward our authentic selves. For Hannah, the Enneagram is not about changing who we are, but rather nurturing and loving our whole selves, even the pain in the ass qualities. “Only from this position of wholeness, rootedness in who we are, what we believe, and what kind of story we are writing, will we be able to act bravely for the sake of justice and humanity – to approach our f*cked-up world with the grounded courage it asks of us.” With her trademark irreverent humor and empowering affirmations, Millenneagram reframes the classic Enneagram types with a fresh perspective and new names that cut right to the chase: #1 The Machine “I’m an Enneagram 1 and I Can Fix This!” #2 The Parent “I’m an Enneagram 2 and Can I Get You a Refill?” #3 The Winner “I’m an Enneagram 3 and All I Do Is Win.” #4 The Tortured Artist “I’m an Enneagram 4 and I’m Deeper Than You.” #5 The Detective “I’m an Enneagram 5 and I Read an Article About That.” #6 The Oracle “I’m an Enneagram 6 and I’m Loyal as Fuck.” #7 The Party “I’m an Enneagram 7 so This Might Be Vodka In My Mug.” #8 The Dragon “I’m an Enneagram 8 so Nice Try, Bitch.” #9 The Wallflower “I’m an Enneagram 9 so Let’s Just All Chill Out, Dude.” A powerful tool for self-discovery (that doesn’t take itself too seriously), Millenneagram is an invitation for introspection and growth. Hannah’s revamped Enneagram goes beyond simply identifying with a type: it gives us permission to be our truest, enough-as-is, bad-ass selves. modern appeal, for detailing the human personality. It illuminates the painful truth of where we are and inspires us with the promise of where we could be. As the Enneagram has grown in popularity over the past 30 years, the insights offered have focused either on the present or the future, with little guidance on how to move from Point A to Point B. In *The Conscious Enneagram* Abi Robins offers a rich, insightful guide for those seeking to move from patterns to promise. Through practical, easy-to-understand coaching, storytelling, and personal inquiry, Robins explores three main ways for getting from where we are to where we could be: Practice, Lineage, and Community. These make up the three-legged stool of the inner and outer work required to radically change the way we think, feel, and move through the world. This book will show you how to cultivate each of these legs in your life in meaningful, enriching ways that are tailored to your type.

A groundbreaking guide centering around the Enneagram the most popular system for personality typing presents a vast array of insight for determining personality types, from recognizing each type's WakeUp Call and Red Flag to letting go of selfdefeating habits and reactions. Original.
